INCIDENT MANAGEMENT

To: Hualapai Tribal Council
Indian Health Services – Peach Springs

From: Incident Commander *Melvin Hualapai*

Date: Dec. 31, 2020

RE: Isolation & Quarantine

Effective immediately, the following will supersede prior protocols for COVID-19 Isolation and Quarantine period, with the following protocols implemented from the Centers for Disease Control and Prevention (CDC) recommendations regarding Isolation and Quarantine, the team's experience dealing with cases, and consultation with Indian Health Services the ICT is implementing the Standard Operational Procedure below.

Isolation: Confirmed COVID-19 Positive

- 10-day isolation from the time individual(s) test positive. Day 10 (24-hour period) with no COVID-19 symptoms.
- The IHS Health Care Provider will determine to release or continue isolation

Quarantine: Person Under Investigation "Close Contact"

- 7-day quarantine, on the 7th day test with IHS Health Care Provider who will recommend testing method.
- The IHS Health Care Provider will determine to release or transfer the individual(s) to Isolation

Individuals who test positive for COVID-19 will be provided a consent form to determine the options taken below.

1. Isolate at the Hualapai Lodge
2. Isolate within the individual(s) residence understanding the CDC recommendations for Isolation. All individuals isolated within the household will remain in place until further recommendations are provided by the IHS Health Care Provider.

All communication precautionary safety will be through the guidance of the Center for Disease Control and Prevention recommendations.

**HUALAPAI TRIBAL COUNCIL
RESOLUTION NO. 54 -2020
OF THE GOVERNING BODY OF THE
HUALAPAI TRIBE OF THE HUALAPAI RESERVATION**

Color Coding COVID19 Alert System

- WHEREAS,** the Hualapai Tribe is a federally recognized Indian Tribe located on the Hualapai Indian Reservation in Northwestern Arizona; and
- WHEREAS,** the Hualapai Tribal Council has the power to represent the Tribe and act in all matters That concern the welfare of the Tribe pursuant to Article V (r) of the Hualapai Constitution; and
- WHEREAS,** the Hualapai declared a State of Emergency in connection with COVID-19 on March 17th, 2020; and
- WHEREAS,** The Tribal Incident Command Team (ICT) has prepared an Emergency Measure Order's listed below to protect the Hualapai community by limiting exposure to COVID-19 and to limit community movement; and
- WHEREAS,** The Hualapai Tribal Council Passed Resolution 18-2020, with necessary measures to fulfill the mission of COVID-19 mitigation; and
- WHEREAS,** The Hualapai Tribal Police Department, and authorized commissioned officers are to Issue citations and implement Section 6.92 "endangerment" (Tribal Resolution 26-2020) Shall be as a civil sanction:
- WHEREAS,** The Incident Commander shall notify the Tribal Council to any escalation or de-escalation event
- WHEREAS,** the Intent of the orders listed below are to limit COVID-19 spread and protect the Hualapai community

THEREFORE IT BE RESOLVED,

The Hualapai Tribal Council gives the authority to determine the following. of escalating and deescalating COVID-19 Response based on a Color Coding Alert System to the Incident Commander of the ICT to negate the impacts of COVID-19 to preserve public health to the greatest extent possible and to slow the spread of COVID-19.

The Color Coding Alert System to escalation and de-escalation shall be determined based on following specific to the Hualapai Reservation, and shall be applicable three (3) days after determination of the escalating or deescalating COVID-19 Response.

Color Coding Alert System does not cease or replace prior resolutions in regards to COVID-19 Response and Protection of the Hualapai Reservation, the color coding alert system identifies the escalating and deescalating of the COVID-19 Response.

Escalation and de-escalation determination shall be as follows:

Color Coding COVID19 Alert System:

Red Alert: COVID Pandemic still active, COVID 19 Community Spread is evident through contact tracing. 14 Day Lockdown of the Hualapai Reservation implemented regarding Resolution 38 to slow the spread of the virus. Households placed on Isolation-Quarantine status until determined recovered from the virus, Curfew from the hours of 8pm to 5am daily to slow the spread of the COVID-19 virus.

If statistical data indicates continued growth of Community Spread, lockdown shall be extended to, and shall not exceed 21 days total.

Lockdown shall temporarily prohibit all activities, to include non-essential tribal employees working. Essential and non-essential employment shall be at the discretion of the tribal council or department head.

Orange Alert: COVID-19 Pandemic still active, COVID-19 case(s) on the Hualapai Reservation with no community spread according to Contact Tracing. Households placed on Isolation-quarantine status until determined recovered. Stay at Home Order as per resolution 36-2020 remain in effect for a period of time while COVID-19 virus is active on the Hualapai Reservation until determined no COVID-19 Cases are actively being monitored. Curfew from the hours of 8pm to 5am daily to slow the spread of the COVID-19 virus.

Stay at Home Order in effect, limited access shall be allowed on the reservation to only essential functions including work, financial obligations, school, legal and legislative matters, and a curfew order shall be in effect from the hours of 8PM to 5AM daily.

While the Stay at Home Order is in effect, persons entering and exiting the reservation are subject to visual inspection at inspection points located throughout the reservation when entering or leaving and shall limit their travel through the inspection station to 2 trips per day for essential matters only. Persons are limited to only persons from the same household within a vehicle while traveling.

- Blue Alert:** COVID-19 Pandemic still active. No active COVID 19 cases on the Hualapai Reservation. No Community Spread. Curfew from the hours of 8pm to 5am daily to slow the spread of the COVID-19 Virus. Limiting travel off the reservation is discouraged to help control the virus and limit travel for essential needs. All CDC guidelines followed for precautions to avoid the virus.
i.e. properly wearing a Face masks, properly washing hands, sanitizing and social distancing.
- Green Alert:** COVID 19 Pandemic Ceased, lowest risk, Vaccine available.

THEREFORE IT BE FURTHER RESOLVED,

Fines and penalties shall apply for persons that violate following:

Stay at Home Order

Lockdown

Isolation/Quarantine

CERTIFICATION

I, the undersigned as Chairman of the Hualapai Tribal Council hereby certify that the Hualapai Tribal council of the Hualapai Tribe is composed of 9 members of whom eight (8) constituting a quorum were present at a Regular Council Meeting held on this 4th day of September, 2020, and that the foregoing resolution was duly adopted by a vote of 8 approve, 0 not voting, 1 excused; pursuant to authority of Article V, Section A, of the **Constitution of the Hualapai Tribe approved March 13, 1991.**

-Resolution 54-2020, Orange Alert

WE ARE HUALAPAI STRONG

HUALAPAI TRIBAL COUNCIL
RESOLUTION 47-2020
OF THE GOVERNING BODY OF THE
OF THE HUALAPAI TRIBE OF THE HUALAPAI RESERVATION

Amendment to Resolution 44-2020 Temporary Prohibition

- WHEREAS,** the Hualapai Tribe is a federally recognized Indian Tribe located on the Hualapai Indian Reservation in Northwestern Arizona; and
- WHEREAS,** the Hualapai Tribal Council has the power to represent the Tribe and act in all matters that concern the welfare of the Tribe pursuant to Article V(r) of the Hualapai Constitution; and
- WHEREAS,** the Incident Command Team (ICT) is recommending a Temporary Prohibition for the duration of COVID-19. The purpose of this resolution is to reduce public intoxication, domestic disputes in relation to alcohol consumption, minimize public activity, and to support efforts to slow the spread of COVID-19 and promote public safety; and
- WHEREAS,** the Hualapai Police Department and any other authorized commissioned officer has the authority to issue a citation as a civil sanction for the following violations below; and
- WHEREAS,** Intoxication

It shall be unlawful for any person to appear in any public place or in public view, such as an alley, roadway, private property, livestock ranching, etc. within the confines of the Hualapai reservation, under the influence of alcohol or other alcohol based substances misused and/or repurposed with the intent intoxication.

Offense 1: Any person guilty of this offense shall be sentenced to imprisonment for a period of 30 days and not to exceed 90 days, and a fine not to exceed \$300.00. A refusal to take a BAC reading will result in a mandatory 14 days of imprisonment. In addition to any other penalties imposed.

Offense 2: Any person guilty will be removed from the Hualapai reservation until treatment is sought and complete.

Alcohol Possession

It shall be unlawful for any person to appear in a public place in possession of alcohol. Possession shall include any and/or all of the following: carrying, concealing on your person, backpacks, purse, pockets, etc. Alcohol shall include

beer, wine, whisky, to include alcohol based products such as mouthwash and hand sanitizer with the intent to impair an individual. If containers are used to hold alcohol such as cups, bottles, or any apparatus holding alcohol it shall be considered an open container.

Offense 1: Any person guilty of this offense shall be sentenced for a period of 30 days, not to exceed 120 days of imprisonment and a fine not to exceed \$5,000.00.

Offense 2: Any person guilty shall be removed from the Hualapai reservation until treatment is sought and completed

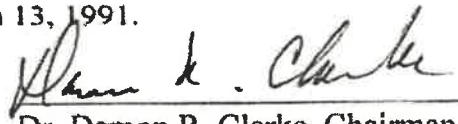

WHEREAS, any person caught selling alcohol shall be prosecuted under Sec. 6.276 Liquor Violation of the Hualapai Law and Order Code. Any person guilty of this offense may be sentenced to imprisonment for a period not to exceed six months, or a fine not to exceed \$4,000.00 or both.

THEREFORE BE IT RESOLVED, that the Tribal Council approves a Temporary Prohibition for the duration of COVID-19 and authorizes the search of vehicles and homes by the Hualapai Police Department with a legally obtained warrant.

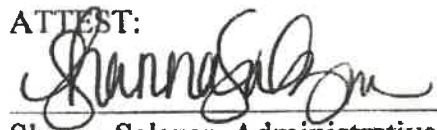

THEREFORE BE IT FURTHER RESOLVED, Under no circumstances shall it be interpreted that those persons convicted, cited and/or other legal action brought against them under resolution 44-2020, be excused or excluded from legal responsibility associated with previous unlawful actions, nor shall any warning, infraction, citation, Conviction or incarceration be forgiven or start anew from previous unlawful occurrence(s).

CERTIFICATION

I, the undersigned as Chairman of the Hualapai Tribal Council hereby certify that the Hualapai Tribal Council of the Hualapai Tribe is composed of nine (9) members of whom nine (9) constituting a quorum were present at a Special Council Meeting thereof held on this 6th day of August 2020; and that the foregoing resolution was duly adopted by the affirmative vote of (9) approve, (0) opposed, (0) excused, pursuant to the authority of Article V, Section (a) of the Constitution of the Hualapai Tribe approved March 13, 1991.

COVID-19 Vaccines • Get the Facts

Submitted by: Sandra Irwin | Hualapai Health, Education & Wellness | www.mayoclinic.com

COVID-19 Vaccines: Get the Facts

Looking to get the facts about the new COVID-19 vaccines? Here's what you need to know about the different vaccines and the benefits of getting vaccinated.

Vaccines to prevent the coronavirus disease 2019 (COVID-19) are perhaps the best hope for ending the pandemic. But as the U.S. Food and Drug Administration (FDA) begins authorizing emergency use of COVID-19 vaccines, you likely have questions. Find out about the benefits of the COVID-19 vaccines, how they work, the possible side effects and the importance of continuing to take infection prevention steps.

What are the benefits of getting a COVID-19 vaccine?

COVID-19 can cause severe medical complications and lead to death in some people. There is no way to know how COVID-19 will affect you. If you get COVID-19, you could spread the disease to family, friends and others around you.

Getting a COVID-19 vaccine can help protect you by creating an antibody response in your body without your having to become sick with COVID-19.

A COVID-19 vaccine might prevent you from getting COVID-19. Or, if you get COVID-19, the vaccine might keep you from becoming seriously ill or from developing serious complications.

Getting vaccinated also might help protect people around you from COVID-19, particularly people at increased risk of severe illness from COVID-19.

What COVID-19 vaccines have been approved and how do they work?

Currently, several COVID-19 vaccines are in clinical trials. The FDA will review the results of these trials before approving COVID-19 vaccines for use. But because there is an urgent need for COVID-19 vaccines and the FDA's vaccine approval process can take months to years, the FDA will first be giving emergency use authorization to COVID-19 vaccines based on less data than is normally required. The data must show that the vaccines are safe and effective before the FDA can give emergency use authorization.

Pfizer/BioNTech vaccine

The FDA has given emergency use authorization to the Pfizer/BioNTech COVID-19 vaccine. Data has shown that the vaccine starts working soon after the first dose and has an efficacy rate of 95% seven days after the second dose. This means that about 95% of people who get the vaccine are protected from becoming seriously ill with the virus. This vaccine is for people age 16 and older. It requires two injections given 21 days apart.

Moderna vaccine

The FDA has given emergency use authorization to the Moderna COVID-19 vaccine. Data has shown that the vaccine has an efficacy rate of 94.1%. This vaccine is for people age 18 and older. This vaccine requires two injections given 28 days apart.

Both the Pfizer/BioNTech and the Moderna COVID-19 vaccines use messenger RNA (mRNA). Coronaviruses have a spike-like structure on their surface called an S protein. COVID-19 mRNA vaccines give cells instructions for how to make a harmless piece of an S protein. After vaccination, cells begin making the protein pieces and displaying them on cell surfaces. Your immune system will recognize that the protein doesn't belong there and begin building an immune response and making antibodies.

Can a COVID-19 vaccine give you COVID-19?

No. The COVID-19 vaccines currently being developed in the U.S. don't use the live virus that causes COVID-19.

Keep in mind that it will take a few weeks for your body to build immunity after getting a COVID-19 vaccination. As a result, it's possible that you could become infected with the virus that causes COVID-19 just before or after being vaccinated.

What are the possible side effects of a COVID-19 vaccine?

A COVID-19 vaccine can cause mild side effects after the first or second dose, including:

- Pain, redness or swelling where the shot was given

- Fever
- Fatigue
- Headache
- Muscle pain
- Chills
- Joint pain

You'll likely be monitored for 15 minutes after getting a COVID-19 vaccine to see if you have an immediate reaction. Most reactions happen with the first few days after vaccination and last no more than three days. If you experience side effects after getting a COVID-19 vaccine, it doesn't mean that you have COVID-19. Take time to rest and recover. If you develop a fever, stay home. However, it's not necessary to get a COVID-19 test or quarantine.

If you have a reaction that prevents you from being able to eat, sleep or work, contact your doctor. Also, contact your doctor if you have a reaction that lasts longer than three days.

Signs of an allergic reaction include hives, swelling of the face and throat, difficulty breathing, a fast heartbeat, dizziness, and weakness. If you have any of these signs, seek care immediately.

How are the COVID-19 vaccines being distributed?

Due to limited supplies, not everyone will be able to get a COVID-19 vaccine right away.

The Advisory Committee on Immunization Practices (ACIP) is a U.S. federal advisory group made up of medical and public health experts. The ACIP has recommended that in the first phase of vaccination in the U.S., COVID-19 vaccines should be given to health care personnel and adult residents of long-term care facilities.

The ACIP has also recommended that the next group to get a vaccine in the U.S. should include people age 75 and older and frontline essential workers, such as first responders, teachers and public transit and grocery store workers.

The third priority group recommended to get the vaccine in the U.S. includes people ages 65 to 74, people ages 16 to 64 who are at high risk of severe COVID-19 due to underlying medical conditions and all other essential workers, such as those working in food service and construction. Examples of underlying medical conditions include type 2 diabetes and severe obesity.

Related information

COVID-19: Who's at higher risk of serious symptoms?

Can I get a COVID-19 vaccine if I have a history of severe allergic reactions?

If you have a history of severe allergic reactions not related to vaccines or injectable medications, you may still get a COVID-19 vaccine. You should be monitored for 30 minutes after getting the vaccine.

If you've had a severe allergic reaction to other vaccines or injectable medications, ask your doctor if you should get a COVID-19 vaccine. If you've ever had a severe allergic reaction to any ingredient in a COVID-19 vaccine, the Centers for Disease Control and Prevention recommends not getting that specific vaccine.

If you have a severe allergic reaction after getting the first dose of a COVID-19 vaccine, don't get the second dose.

Can pregnant or breastfeeding women get the COVID-19 vaccine?

There is no research on the safety of COVID-19 vaccines in pregnant or breastfeeding women. However, if you are pregnant or breastfeeding and part of a group recommended to get a COVID-19 vaccine, you may choose to get the vaccine. Talk to your health care provider about the risks and benefits.

Is there anyone who should not get a COVID-19 vaccine?

There is no COVID-19 vaccine yet for children under age 16. Several companies have begun enrolling children as young as age 12 in COVID-19 vaccine clinical trials. Studies including younger children will begin soon.

COVID-19 vaccination might not be recommended for people with certain health conditions. Talk to your doctor if you have questions about getting the vaccine.

Should I get the COVID-19 vaccine even if I've already had COVID-19?

Getting COVID-19 might offer some natural protection or immunity from reinfection with the virus that caus-

es COVID-19. But it's not clear how long this protection lasts. Because reinfection is possible and COVID-19 can cause severe medical complications, it might be recommended that people who have already had COVID-19 get a COVID-19 vaccine. If you've had COVID-19, wait until 90 days after your diagnosis to get a COVID-19 vaccine.

Can I stop taking safety precautions after getting a COVID-19 vaccine?

Experts want to learn more about the protection that a COVID-19 vaccine provides and how long immunity lasts before changing safety recommendations. Factors such as how many people get vaccinated and how the virus is spreading in communities will also affect these recommendations.

In the meantime, the Centers for Disease Control and Prevention recommends following these precautions for avoiding infection with the COVID-19 virus:

- **Avoid close contact.** This means avoiding close contact (within about 6 feet, or 2 meters) with anyone who is sick or has symptoms. Also, keep distance between yourself and others. This is especially important if you have a higher risk of serious illness.
- **Wear cloth face coverings in public places.** Cloth face coverings offer extra protection in places such as the grocery store, where it's difficult to avoid close contact with others. Surgical masks may be used if available. N95 respirators should be reserved for health care providers.
- **Practice good hygiene.** Wash your hands often with soap and water for at least 20 seconds, or use an alcohol-based hand sanitizer that contains at least 60% alcohol. Cover your mouth and nose with your elbow or a tissue when you cough or sneeze. Throw away the used tissue. Avoid touching your eyes, nose and mouth. Avoid sharing dishes, glasses, bedding and other household items if you're sick. Clean and disinfect high-touch surfaces daily.
- **Stay home if you're sick.** Stay home from work, school and public areas if you're sick, unless you're going to get medical care. Avoid public transportation, taxis and ride-sharing if you're sick.

If you have a chronic medical condition and may have a higher risk of serious illness, check with your doctor about other ways to protect yourself.

CORONAVIRUS DISEASE 2019
(COVID-19)

COVID-19 vaccines will be an important tool to help stop the pandemic.

cdc.gov/coronavirus

CS3:1269-A 11/18/2020

The infographic features a central illustration of a female nurse with long brown hair, wearing a white short-sleeved shirt, a blue surgical mask, and a stethoscope. She is holding a clipboard and a pen. To her left is a medical monitor on a stand. To her right is a blue chair. The background is a light blue wall with a white cabinet. The title 'CORONAVIRUS DISEASE 2019 (COVID-19)' is in large white letters on a dark teal background. The text 'COVID-19 vaccines will be an important tool to help stop the pandemic.' is in white on a teal background. The CDC logo is in the bottom left, and the website 'cdc.gov/coronavirus' is in the bottom right. The date 'CS3:1269-A 11/18/2020' is in the bottom right corner.

#StopTheSpread

The Covid-19 Vaccination is an important tool to help stop the pandemic

01 The safety of the vaccines is top priority

The U.S. vaccine safety system ensures that vaccines are as safe as possible. The two FDA approved Covid vaccines have been tested on over 74,000 people. The vaccines are found to be safe and 94-95 % effective

02 Facts about the vaccine.

- The vaccine will not give you Covid-19, there is no live virus used in vaccine
- The vaccine will not cause you to test positive on a covid -19 viral lab test
- Getting vaccinated can help prevent getting sick with Covid-19
- People who have gotten Covid-19 may still benefit from getting the vaccine
- The vaccine will not alter your DNA

03 Side effects that have been reported include but are not limited to: pain at injection site, redness or swelling at injection site, tiredness, headache, muscle pain, chills, joint pain, fever, nausea, swollen lymph nodes, allergic reaction

04 How long until I'm protected?

- Two doses are required and will be scheduled 3-4 weeks apart.
- You may not be fully protected until 1-2 weeks after your second dose of vaccine

Mohave County Department of Public Health

Good afternoon Mohave County. We'd like to share information about the Vaccine Distribution Phrases. **DISCLAIMER:** This information changes rapidly and we will do our best to give you the latest information available. Information is subject to change.

PUBLIC HEALTH BULLETIN COVID-19 VACCINE*

Updated December 21, 2020

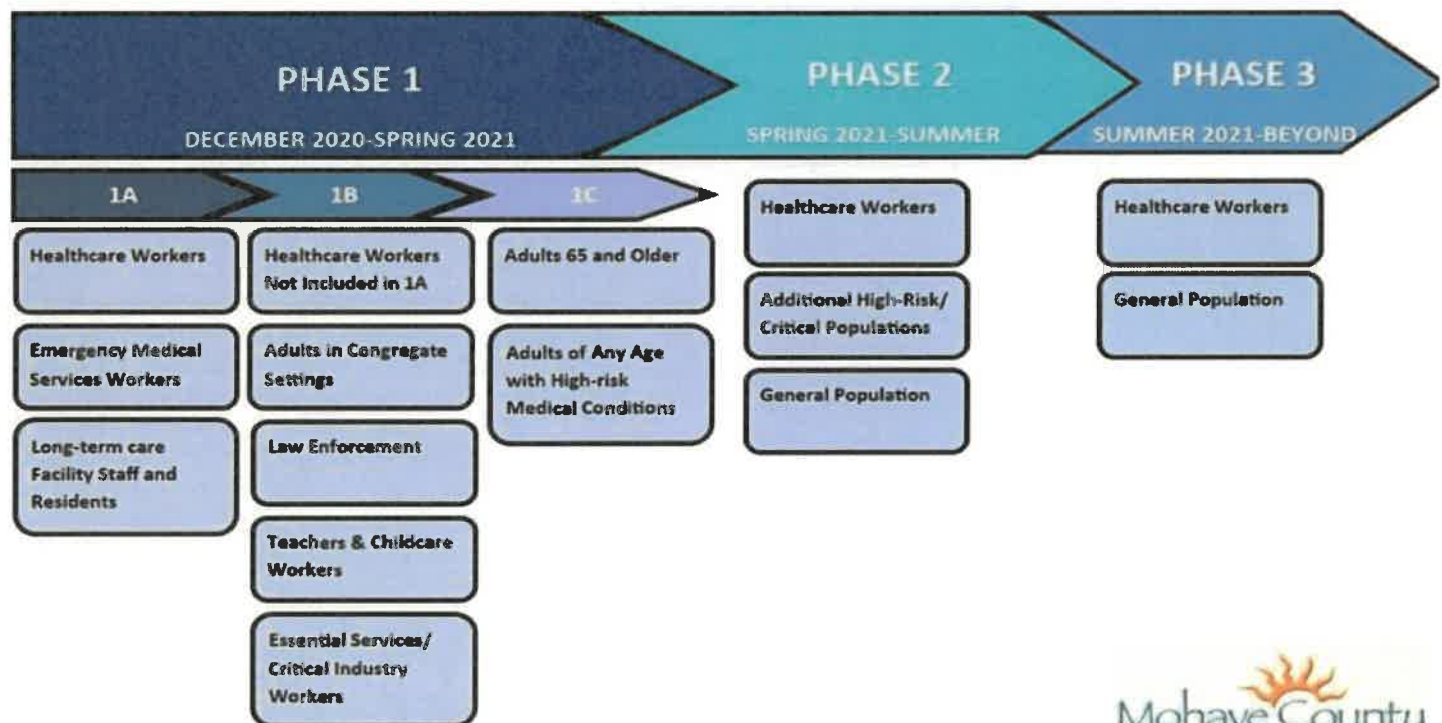

In coordination with the Arizona Department of Health Services COVID-19 Vaccination Plan, our planning efforts include involvement from hospital and healthcare systems, emergency response agencies, federally qualified health clinics, pharmacies, community-based organizations, and others. The role of different partners in vaccine distribution will depend on vaccine supply and the stage of the vaccine distribution plan. Updates will be provided as more information becomes available about COVID-19 vaccine.

A Phased Approach

CDC guidance in the COVID-19 Vaccine Interim Playbook describes a phased approach to distribution. Because there is likely to be a limited supply when vaccine first becomes available, CDC will direct what groups are prioritized based on their risk levels. The first phase (1A) of vaccine distribution will include healthcare workers and long-term care facility residents and staff.

The second phase (1B) will include healthcare workers not included in 1A, adults in congregate settings, law enforcement, teachers and childcare workers, and essential services/critical industry workers.

The third phase (1C) includes any adults aged 65 and older, and adults of any age with high-risk medical conditions.

*DISCLAIMER: Distribution groups and timelines of phases shown are tentative. This information is subject to change due to future vaccine distribution guidance recommendations, FDA approval of vaccines, and vaccine allocation/availability. We will update the information as it becomes available.

Getting 'Back to Normal' Is Going to Take **All of Our Tools**

If we use all the tools we have, we stand the best chance of getting our families, communities, schools, and workplaces "back to normal" sooner:

Get vaccinated.

Wear a mask.

Stay 6 feet from others,
and avoid crowds.

Wash
hands often.

www.cdc.gov/coronavirus/vaccines

1971 Jagerson Ave., Kingman, AZ 86409

NOTE: HOURS HAVE CHANGED TO 6AM TO 2PM AND WILL BE AVAILABLE 7 DAYS PER WEEK.

Embry Women's Health/Apollo Healthcare & Diagnostics is launching three COVID-19 Drive-Thru Testing Sites in Mohave County starting Monday, September 7, 2020. These sites are the first for Embry out of Maricopa County, where they currently operate 13 COVID-19 drive-thru testing sites, some of which operate 24 hours a day, seven days a week.

"The goal is to offer testing to as many Arizonians as possible. We don't want to stop expanding until we're covering all 15 counties in Arizona," said Raymond Embry, CEO of Embry Women's Health. "We've been proud to meet the demand for COVID-19 testing head-on, and are grateful for the support from the public and state authorities of our operation."

The Mohave County locations are:

Mohave Community College - Lake Havasu City
 1977 W. Acoma Blvd., Lake Havasu City, AZ 86403
 Beginning 9/7/2020 - 6:00am - 2:00pm
 7 days a week

Mohave Community College - Kingman
 1971 Jagerson Ave., Kingman, AZ 86409
 Beginning 9/7/2020 - 6:00am - 2:00p.m.
 7 days a week

Mohave Community College - Bullhead City
 3400 AZ-95, Bullhead City, AZ 86442
 Beginning 9/7/2020 - 6:00am - 2:00pm
 7 days a week

Embry Women's Health is offering COVID-19 PCR testing with results in 36-72 hours at ZERO cost to persons of all ages. They are also offering the Antigen test with 24 hours results for \$50.00 to all persons above the age of 12.

Anyone interested in getting tested for free can go to <https://embrywomenshealth.com/testing-blitz/> to schedule an appointment for the nearest site. Appointments are not required to get tested at the test sites but are strongly encouraged to expedite the testing process.

MARKET ORDERS FOR QUARANTINE/ ISOLATED HOMES

Market orders will have a designated time set aside for delivery to Quarantine and Isolated homes only.

- **1st order time will be between 10am and 11am- please place your order BEFORE 9:30AM.**
- **2nd order time will be between 2pm to 3pm- please place your order BEFORE 1:30PM.**

**PLEASE CALL THE MARKET
AT 928-769-1500 TO PLACE
YOUR ORDER AND ICT WILL
DELIVER TO YOUR HOME**

THANK YOU- ICT

ICT is no longer providing wood donations, wood chopping, or wood stacking services.

This is due to the downsizing in the team. We apologize for the inconvenience.

HUALAPAI TRIBAL COUNCIL

P.O. BOX 179 • PEACH SPRINGS, ARIZONA 86434 • 520-769-2216

The Great Spirit created Man and Woman in his own image. In doing so, both were created as equals. Both depending on each other in order to survive. Great respect was shown for each other; in doing so, happiness and contentment was achieved then, as it should be now.

The connecting of the Hair makes them one person; for happiness or contentment cannot be achieved without each other.

The Canyons are represented by the purples in the middle ground, where the people were created. These canyons are Sacred, and should be so treated at all times.

The Reservation is pictured to represent the land that is ours, treat it well.

The Reservation is our heritage and the heritage of our children yet unborn. Be good to our land and it will continue to be good to us.

The Sun is the symbol of life, without it nothing is possible - plants don't grow - there will be no life - nothing. The Sun also represents the dawn of the Hualapai people. Through hard work, determination and education, everything is possible and we are assured bigger and brighter days ahead.

The Trucks in the middle represent the coyote and other animals which were here before us.

The Green around the symbol are pine trees, representing our name Hualapai - PEOPLE OF THE TALL PINES -

Indian Education Committee

Our annual Impact Aid application must be submitted by January 31. In order to keep everyone safe and still have our Indian Education Committee meeting, this year's meeting will be a virtual meeting. It will be held online this Thursday, January 7, at 12:30 pm. If you would like to participate, please send Mr. Angle an email (mr.angle@valentineaz.net). Include any topics you would like discussed during the meeting.

You will receive a reply email with a link to the Zoom meeting. You may use your student's device. Please connect a few minutes early. The meeting is scheduled to conclude by 2pm.

If you would like to participate, but cannot do so virtually, contact the school so we can attempt to make appropriate accommodations. We will have to be creative this year regarding our Indian Education Committee meetings given the current situation. If you have questions, concerns, suggestions, etc., about the educational programs here at Valentine Elementary, you are encouraged to contact the school.

SCHOOL IS IN SESSION

We very much appreciate the Incident Command Team's efforts in transporting school materials to and from students' homes. We are still operating a regular in-person schedule but are making accommodations for students who cannot attend on campus.

Our buses will continue to run morning, kindergarten drop-off, and afternoon routes. If you would like to transport your student, we can provide you with a letter to facilitate travel through the checkpoint.

Report cards for 2nd quarter will be sent home with students on Thursday. For distance learning students, contact the school and we can make arrangements for you to pick them up or have them delivered through a different means.

HOW CAN I HELP MY STUDENT?

- Keep safety a top priority – As glad as many of us are to see the calendar turn to 2021, the reality is that there is still plenty to do to keep ourselves and everyone else safe. Continue to encourage your students to follow all of the safety procedures.
- Distance learning – We completely understand if you need to keep your student at home during this time. If that is the decision, make sure to follow through with your student that **learning still must go on**, even if they are not physically attending the school building. We will provide the materials, but students will still need to do the work. The school is still responsible for issuing grades and keeping students accountable for their learning.
- Work with your students at home – Even reading with your students for 15 minutes each day has been shown to have positive effects on their learning.

Behavioral Health Crisis Hotline
Submitted by: Rebecca Rice | Indian Health Service

Behavioral Health Crisis Hotline

1-877-756-4090

24 Hours a Day, Every Day.

Trained crisis intervention specialists are available every day of the year to help over the phone anytime.

The crisis line is confidential. It is open to anyone who needs help.

Our specialists can help in many ways, including:

- Talking with you to help you feel at ease
- Talking about your concerns for a loved one
- Helping you deal with difficult relationships
- Talking about thoughts of suicide
- Helping you get to safety
- Helping you arrange counseling
- Connecting to a community resource near you
- Talking through aggressive situations
- Presenting options for dealing with other urgent situations
- Helping you identify resources for care

People of all ages, from all parts of town, and from all walks of life call for help. 100% of non-English speaking callers receive assistance in their preferred language.

If your crisis cannot be solved over the phone, Crisis Response Network (CRN) can coordinate with local agencies to further assist you.

Member services number: 1-800-322-8670
For medical emergencies, always call 911

CRN partners with HICA by operating our Behavioral Health Crisis Hotline.
Contract services are funded in part under contract with the state of Arizona.
HICA 10-19-02 (approved 6/27/2019)

COVID-19 Information

Submitted by: Earldine Achee

The Content is not intended to be a substitute for professional medical advice, diagnosis, or treatment. Always seek the advice of your physician or other qualified health provider with any questions you may have regarding a medical condition. Never disregard professional medical advice or delay in seeking it because of something you have read online.

Source information not provided

“Due to the collapse of the health system, we, the health professionals have prepared this message for the people. In case, you do not want to risk going to the hospital immediately.

Symptoms appear from the 3rd day after infection (viral symptoms). First phase: Body ache, eye pain, headache, vomiting, diarrhea, running nose or nasal congestion, decomposition, burning eyes, burning when urinating, feeling feverish, scuffed throat (sore throat). It is very important to count the days of symptoms: first, second and third.

Be careful. It is important to drink plenty of fluids, especially purified water. Drink plenty of water to keep your throat moist and to help clear lungs.

Second phase (from 4th to 8th day): Inflammatory.

Loss of taste and/or smell, fatigue with minimal effort, chest pain (rib cage), pain in the lower back (in kidney area). The virus attack nerve endings: the difference between fatigue and shortness of breath: lack of air is when a person is sitting without making any effort—and is out of breath. Fatigue is when the person moves around to do something simple and feels tired.

It takes a lot of hydration and Vitamin C. COVID-19 binds oxygen, so the quality of blood is poor with less oxygen.

Third phase: Healing

On day 9, the healing phase begins, which can last until day 14 (convalescence). Do not delay treatment, the sooner the better.

It is better to keep these recommendations, pre-

vention is never too much!

Sit in the sun for 15-20 minutes, rest and sleep for at least 7-8 hours, drink 1.5 liters of water per day, all food should be hot (not cold), keep in mind the pH of the Coronavirus ranges from 5.5 to 8.5. So all we have to do to eliminate the virus is to eat more alkaline foods, above acid level of the virus, such as:

Bananas, lime → 9.9 pH
 Yellow lemon → 8.5 pH
 Avocado → 15.6 pH
 Garlic → 13.2 pH
 Mango → 8.7 pH
 Mandarin → 8.5 pH
 Pineapple → 12.7 pH
 Watercress → 22.7pH
 Oranges → 9.5 pH

How do you know if you have COVID-19?
 Itchy throat, dry throat, dry cough, high temperature, difficulty breathing, loss of smell and taste.

Food for Thought (Social Media Content)

From: M.M: How to Fight COVID at Home

"No one ever talks about how to fight COVID at home. I came down with COVID in November. I went to the hospital, running a fever of 103, a rapid heart beat, and other common symptoms that come with COVID. While I was there they treated me for the high fever, dehydration and pneumonia.

The doctor sent me home to fight COVID with two prescriptions—Azithromycin 250mg and Dexamethason 6mg. When the nurse came in to discharge me, I asked her, "What can I do to help fight this at home?" She said, "Sleep on your stomach at all times with COVID. If you can't sleep on your stomach because of health issues, sleep on your side. Do not lay on your back no matter what because it smashes your lungs and that will allow fluid to set in.

Set your clock every two hours while sleeping on your stomach, then get out of bed and walk for 15-30 minutes, no matter how tired or weak that you are. Also, move your arms around frequently, it helps to open your lungs. Breath in through your nose and out through your mouth. This will help build up your lungs, plus help get rid of the pneumonia or other fluid you may have. When sitting in a recliner, sit up straight—do not lay back in the recliner, again this will smash your lungs. While watching TV—get up and walk during every commercial.

Eat at least 1-2 eggs a day, plus bananas, avocado and asparagus. These are good for Potassium. Drink Pedialyte, Gatorade Zero, Powerade Zero and water with electrolytes to prevent you from becoming dehydrated. Do not drink anything cold—have it at room temperature or warm it up. Water with lemon, and little honey, peppermint tea, apple cider are good suggestions for getting in fluids. No milk products, or pork. Vitamin's D3, C, B, Zinc, Probiotic One-Day are good ideas. Tylenol for fever. Mucinex, or Mucinex DM for drainage, plus helps the cough. Pepcid helps for cramps in your legs. One baby aspirin everyday can help prevent getting a blood clot, which can occur from low activity. Drink a smoothier of blueberries, strawberries, bananas, honey, tea and a spoon or two of peanut butter.

We always hear of how COVID takes lives, but there isn't a lot of information out there regarding how to fight COVID. I hope this helps you or some you know, just as it has helped me."

KWLP 100.9FM's December Volunteer of the Month | Willow Majenty AKA DJ Pillow

Submitted by: Terri Hutchens | KWLP 100.9FM

WE LOVE OUR VOLUNTEERS

"The Peach,"

*The Hualapai Nation's Live and Local Radio Station
Proudly Announces and Congratulates
December 2020 Volunteer of the Month:
Willow Majenty aka "DJ Pillow"*

While The Peach ordinarily doesn't award a Volunteer of the month in December, (we move right on the Volunteer of the Year,) staff decided it was warranted THIS unprecedented year. We consider this to be an honorable mention of sorts, or perhaps something like a lifetime achievement award. Willow Majenty, Peach Springs community and Hualapai Tribal member joined the KWLP volunteer DJ crew in 2017. She has always been an enthusiastic and reliable participant at the station - hosting her show "Rock Out Hour" and assisting with events and more! It has been our pleasure to watch her blossom! During the pandemic, she has made a point to come in whenever possible to pre-record her shows for the times of stay at home and lock down orders. Unfortunately, her Tuesday show has often been pre-empted by the COVID-related, live special Council meetings. We want to be sure she knows that we really appreciate her effort and dedication! If you get a chance, please let her know you do too! Willow will receive \$100 in incentives as Volunteer of the Month!

*If you'd like to join the Peach volunteers, call 760-1110

Hualapai Planning Department | HIP Applications

Submitted by: Michelle Zephier | Hualapai Planning Department

The Great Spirit created Man and Woman in his own image. In doing so, both were created as equals. Both depending on each other in order to survive. Great respect was shown for each other; in doing so, happiness and contentment was achieved then, as it should be now.

The connecting of the Hair makes them one person; for happiness or contentment cannot be achieved without each other.

The Canyons are represented by the purples in the middle ground, where the people were created. These canyons are Sacred, and should be so treated at all times

The Reservation is pictured to represent the land that is ours, treat it well.

The Reservation is our heritage and the heritage of our children yet unborn. Be good to our land and it will continue to be good to us.

The Sun is the symbol of life, without it nothing is possible - plants don't grow - there will be no life - nothing. The Sun also represents the dawn of the Hualapai people. Through hard work, determination and education, everything is possible and we are assured bigger and brighter days ahead.

The Tracks in the middle represent the coyote and other animals which were here before us.

The Green around the symbol are pine trees, representing our name Hualapai - PEOPLE OF THE TALL PINES -

PRIVACY ACT STATEMENT

25 CFR 265 and 25 U.S.C. 13 authorize the collection of this information. This information is covered by the system of record notice "Indian Housing Improvement Program, Interior, BIA-10." The primary use of this information is to determine eligibility for assistance under the Housing Improvement Program. The records contained therein may only be disclosed in accordance with the routine uses and may not otherwise be disclosed by any means of communication to any person, or to another agency, except pursuant to a written request by, or with prior written consent of the individual to whom the record pertains. If the BIA uses the information furnished on this form for purposes other than those indicated above, it may provide you with an additional statement reflecting those purposes. Executive Order 9397 authorizes the collection of your Social Security number. Furnishing the information is voluntary but failure to do so may result in disapproval of your application.

PAPERWORK REDUCTION ACT STATEMENT

This information is being collected to select eligible families or individuals to participate in the Housing Improvement Program. Response to this request is required to obtain a benefit in accordance with 25 CFR 256. You are not required to respond to this collection of information unless it displays a currently valid OMB control number. This information will be used to determine the eligibility and the ranking of the applicant. Public reporting burden for this form is estimated to average 1 hour per response, including the time for reviewing instructions, gathering and maintaining data, and completing and reviewing the form. Direct comments regarding the burden estimate or any other aspect of this form to Information Collection Clearance Officer – Indian Affairs, 1849 C Street, NW, MS-4141, Washington, DC 20240.
